Anesthesiology at PRHC

Peterborough Regional Health Centre (PRHC) is recruiting two (2) or three (3) anesthesiologists to join our friendly and collegial department of 20 physicians.

Anesthesiology at PRHC offers all major surgical services except for Cardiac Surgery, Neurosurgery, and Thoracic Surgery. Most common cases include Ophthalmology, ENT, Urology, Gynaecology and Obstetrics (OB), Plastic Surgery, Dental Surgery, General Surgery, Orthopedic Surgery, and Vascular Surgery. We also perform Pediatric Surgery for kids as young as six (6) months old. Our department also has a few chronic pain specialists who run a chronic pain clinic at the hospital. At PRHC, we do not require additional OB anesthesia training to practice OB anesthesia. Anesthesiology has a wide and variable caseload with lots of opportunities to resuscitate and care for very acute patients.

Our department has very flexible scheduling with minimal restrictions for vacation requests. On-call shifts are 24 hrs and approximately five (5) to six (6) shifts a month. We have a first and second on-call who both run Emergency ORs until 11:00 p.m., then life-threatening emergencies only.

Compensation is fee-for-service with the average full-time wage around \$450,000 to \$550,000 annually. Full time physician hires who relocate to the Peterborough area are eligible for some relocation support.
