

PRHC Drug Access Facilitator

Drugs are an important part of cancer treatment yet patients often have difficulty accessing coverage for the most effective medicines. The complexity of cancer drug coverage in Canada can overwhelm patients and families.

PRHC Cancer Care has dedicated Drug Access Facilitators who are available to provide support, advocate, share resources and educate in order to maximize the appropriate funding for all cancer patients. Our primary goal is to remove the financial burden from the patients so they can focus on their health.

Did you know?

Even if you have tried to fill a prescription and been denied, we can still help!
Don't pay out of pocket until you talk to our Drug Access Facilitator!

Drug Access Facilitators will work with you and your family to:

Help you apply for public drug coverage through the Trillium Drug Program.

Organize public coverage with Community Care Access Centre for patients receiving home care service.

Determine if the medication is covered by your private health insurance and ask about plan limits.

Assist with applications and prior authorization forms for coverage through your private health insurance.

Minimize the drug costs associated with your treatment by connecting you with various patient assistance programs.

Access funding approvals/renewals through the Exceptional Access Program (Ontario Drug Benefit) or Special Access Program (Health Canada).

Answer any questions you may have and direct you to helpful information and resources.

Be a source and advocate for you and your family.

For more information, please contact:

Craig Woudsma, Drug Access Facilitator
Cancer Care, Level 4, Room W4938
